Physical Science Course Description

Course Description

"The seventh grade science curriculum presents a thorough introduction to the physical science. The scientific method and scientific theory are applied to hands-on laboratory and interdisciplinary activities. Safety is stressed. Human values are discussed as they relate to the applications of physical science to the world. Students will come to appreciate the applications of science in the world through the studies of technological issues, such as pollution and through the study of current events."

List of Materials

- Three Ring Binder
- Pens and Pencils
- Index Cards
- Ruler
- Loose-leaf paper
- Dividers
- Calculator

Your Binder should be divided into 2 sections clearly labeled:

1. Notes/Homework
2. Labs/Quizzes/Tests

Text Book

Pearson Interactive Science:

1. Forces and Energy
2. Introduction to Chemistry

Extra Help

- Extra Help will take place on Monday, Wednesday and Thursday afternoons in room 103.

Grade

Your grade will be determined by the mastery you show through Assessments, Labs and Homework.

Homework

Homework will be checked/collected on the day it is due. Homework will be assigned to reinforce material learned in class.

Absences

Students are responsible for making up any missed work in the case of an absence from class.

-----Cut along the Dotted Line-----

I have read and understand the requirements to be a successful student in this class.
